U S A

The World's Greatest Grills on Land or Sea

All New! Completely Redesigned Gourmet II

- **ALL NEW COMPLETELY REDESIGNED COMBUSTION SYSTEM, WON'T BLOW OUT**
- **ALL NEW ADVANCED ELECTRONIC PULSE IGNITION, LIGHTS FIRST TIME EVERYTIME**

INFRARED GOURMET SERIES II GRILLS

Mounts & serving shelves sold separately, fuel canisters not included

"Newport II" Infrared Gas Grill A10-918-2GS

Grill area: 162 sq. in. (1045 sq. cm.)
9 x 18 in. (23 x 46 cm)

"Catalina II" Infrared Gas Grill A10-1218-2GS (shown)

Grill area: 315 sq. in. (2032 sq. cm)
Primary: 12 x 18 in. (30 x 46 cm) • Secondary: 5-1/2 x 18 in. (14 x 46 cm)

"Monterey II" Infrared Gas Grill A10-1225-2GS

Grill area: 420 sq. in. (2710 sq. cm)
Primary: 12 x 24 in. (30 x 61 cm) • Secondary: 5-1/2 x 24 in. (14 x 61 cm)

The perfect addition for feeding any size crew, these finely crafted portable and highly versatile grills are always ready for action.

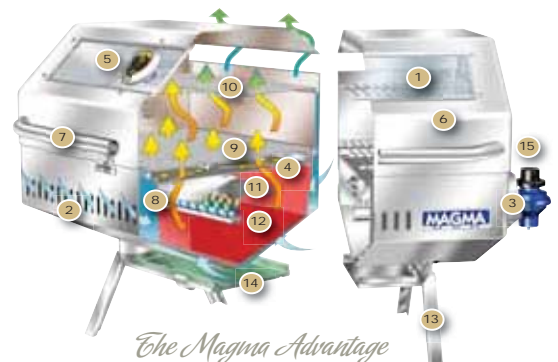

New features include: a beautiful elegant design with no sharp edges, completely redesigned combustion system that keeps grill lit even in heavy winds, dependable advanced electronic pulse ignition system powered by a single "AAA" battery (included), and an ultra high temp glass viewing window.

The "Anti-Flare" infrared technology produces intense, evenly distributed heat, reducing flare-ups, and immediately emulsifies drippings giving your meal a great smoky flavor.

Made in the U.S.A. and constructed entirely of 18-9 mirror polished marine grade stainless steel to withstand even the harshest of environments. The primary and secondary grilling surfaces gives you the option of searing, slow cooking, or warming. Equipped with a full double lined lower safety shell that keeps the outside cooler while safely funneling grease into the locking front access grease tray, a hermetically sealed thermometer, and fold-away table top legs for go anywhere use. The swiveling control valve/regulator, designed to use 1lb. disposable propane fuel canisters, allows for quick, safe fuel canister exchanges or easily adapt grills to existing on-board low pressure propane (LPG) or natural gas (CNG) fuel systems.

- 1 New Ultra High Temp Glass Viewing Window
- 2 New Completely Redesigned Combustion System, won't blow out
- 3 New Advanced Electronic Pulse Ignition System, always lights
- 4 Infrared Radiant Screens, intense even heat for searing, reduces flare-ups, and eliminates blow outs.
- 5 Stainless Steel Hermetically Sealed Thermometer
- 6 Oversized Perfectly Balanced Lid, won't slam shut
- 7 Full Length Stainless Steel Handle Gives access from either side and makes mounting & transport easy.
- 8 Full Double Lined Lower Safety Shell Funnels grease into front access grease tray reducing flare-up & heat discoloration.
- 9 Stainless Steel Grill Grates • Durable Stainless Steel • Sectional grates fit nicely in sinks or dishwashers
- 10 Warming Rack/Secondary Grilling Area For slow grilling or warming.
- 11 Stainless Steel, Snap-Out, Dual Element Infrared Radiant Plate • Infrared technology • High even radiant heat • Higher heat / less fuel
- 12 Stainless Steel Turbo Burner • Durable Stainless Steel • Anti-blow-out Turbo Design • High even heat • Premixes air & fuel for consistently hot, blue flame
- 13 Integrated Fold-Away Legs Perfect for that quick picnic on shore
- 14 Front Access, Lock-In-Place Grease Tray
- 15 Swiveling Valve/Regulator Allows quick, safe gas bottle exchange.

The Magma Advantage

Magma offers the largest selection of mounting options & accessories, to customize your grill to your boat (See page 5)

- 1 **100% 18-9 Mirror Polished Stainless Steel.** For lasting beauty and superior corrosion resistance.
- 2 **Fold-Away legs.** Perfect for that quick picnic on shore.
- 3 **Inner Safety Shell.** Funnels grease into front access grease tray reducing flare-ups and heat discoloration.
- 4 **Convenient Snap-out radiant plate.** Allows quick, easy clean-up and perfect even heat distribution.
- 5 **Stainless steel Turbo burner.** Anti blow-out Turbo design with high, even heat.
- 6 **Oversized perfectly balanced lockable lid.** Won't slam shut and secures all inner components for transport.
- 7 **Full-length handle.** Gives access from either side and makes mounting and transport easy.
- 8 **Stainless steel grill grates.** Sectional grates fit nicely in sinks or dishwashers.
- 9 **Front access, lock-in-place grease tray.**
- 10 **Swiveling valve / regulator.** Allows quick and safe gas bottle exchange.

The Magma Advantage

Meticulous attention to even the smallest details creates the finest value grills available. Wind tested for perfect even heat distribution, these grill's offer the cooking performance usually only found in large, back yard grills costing much more. Easily transported, the Fold-Away legs are out of the way on-board, but readily available for that quick picnic on shore. The Snap-out radiant plate provides easy access for clean up yet allows the flame kissed flavor that makes for really memorable meals onboard or ashore. Designed for beauty and performance, you'll find that the Connoisseur Series grills are constructed flawlessly for years of dependable use. The swiveling control valve/regulator, designed to use 1lb. disposable propane fuel canisters, allows for quick, safe fuel canister exchanges or easily adapt grills to existing on-board low pressure propane (LPG) or natural gas (CNG) fuel systems.

Magma offers the largest selection of mounting options & accessories, to customize your grill to your boat (See page 5)

- 12 Lower Charcoal Grill, easily removed for clean up while it's angled side walls keep briquettes in place (Charcoal Model)
- 13 Sealed Grill Body, keeps grease and ash contained (Charcoal Model)

Designed for today's boater who doesn't want to substitute quality for cost. The Adventurer Marine "Cabo" Series Grill line are available in 3 different model options; gas, charcoal, or electric. These grills are made entirely of 18-9 mirror polished marine grade stainless steel and manufactured with the same quality you've come to expect from all Magma products. Each model features a 9" x 18" or 162 sq. in. grilling surface, oversized perfectly balance lockable lid with draw tight latch, durable heat resistant all weather plastic handle with air cooled supports, and fold-away table top legs. Gas and electric models also utilize a locking grease tray with access from either side of the grill.

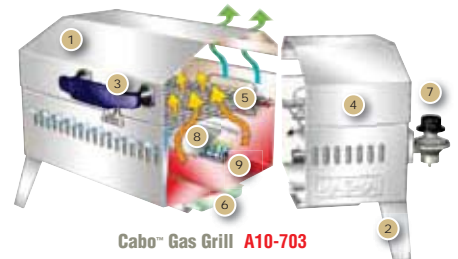

MODEL SPECIFIC INFORMATION

GAS uses a convenient snap-out radiant plate assembly for even heat distribution and a swiveling control valve/regulator, designed to use 1lb. disposable propane fuel canisters, allows for quick, safe fuel canister exchanges or easily adapt grill to existing on-board low pressure propane (LPG) or natural gas (CNG) fuel systems.

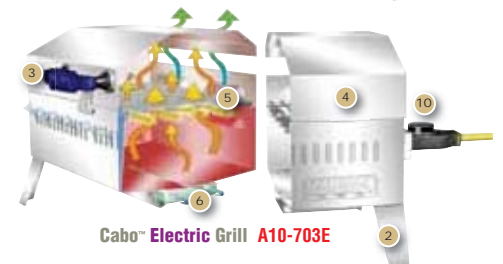

ELECTRIC requires a 120V power supply and it's variable snap-in electrical temperature control assembly with internal thermometer has a power output of 1500W.

CHARCOAL uses variable dual draft door assemblies for superior temperature control and a convenient removable lower charcoal grill for easy clean out.

With their compact design, light weight, large selection of mounts and accessories to customize to your desired application the "Cabo" grills are truly a go-anywhere grill to enhance all of your outdoor activities. Models use Single Mount (SM) mounting hardware only.

Fits all ChefsMate, Newport, Catalina & Monterey Grills & "DM" Tables

Mounts sold separately, fuel canisters not included

Instantly disassembles without tools for easy cleaning.

MARINE KETTLE® 2 GAS GRILL

- CE Approved for use in Europe
- AGA Approved for use in Australia
- NZ Approved for use in New Zealand
- CSA Approved for use in North America

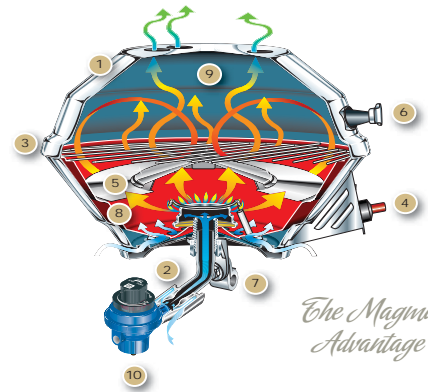

A10-207 Original Size
Diameter 15 in. (38 cm)

A10-217 Party Size (shown)
Diameter 17 in. (43 cm)

- 1 100% 18-9 mirror polished stainless steel construction. For long lasting beauty and superior corrosion resistance.
- 2 Swiveling, windproof turbo venturi & control valve design. Virtually eliminates blow-outs. Places the fuel & valve where it is convenient to you. Allows safe & easy fuel changes.
- 3 Hinged lid. Balanced lid will not slam shut as boat rolls.
- 4 Reliable Piezo Igniter. Dependable push button lighting.
- 5 Burner & hi tech radiant plate & dome heat distribution design. Less flare up, even heat distribution & longer grill life. Allows use as a grill, stove or oven. Perfect even heat as a grill or direct open flame cooking as a stove.
- 6 "Stay Cool" handle with air cooled supports. Cast 18-9 Stainless.
- 7 Cast 18-9 stainless L-bracket mount clamp. Indexed for positive non-slip level mounting.
- 8 Fully double lined stainless steel inner safety shell. Cooler for safety. Guards against discoloration. Adds years of life to the grill.
- 9 Magma's patented design fully utilizes both radiant and convection cooking. Quickly comes to temperature then heats the entire grill surface evenly while using the least amount of fuel.
- 10 Uses standard, disposable 1-lb. propane canisters or adapts to on-board LPG (propane) or CNG (natural gas) systems.

The Marine Kettle 2 grills incorporate features that are both useful and user friendly. Redesigned features include; swiveling turbo venturi tube that makes it dependable in even a stiff breeze, virtually blow-out proof. A convenient piezo ignition system for easy lighting, a patented burner and heat distribution system that reduce flare-ups. Balanced hinged lid that won't slam shut, with a sturdy cast stainless "Stay Cool" handle. While the cast stainless steel indexing L-bracket assembly provides easier, more positive level mounting.

The 100% 18-9 mirror polished marine-grade Stainless Steel construction provides superior corrosion resistance. The full, double lined inner safety shell keeps the outside cooler and an indexed bowl assembly enables the grill to be rotated so the lid can be used as a wind shield. Magma's patented plate and dome system allows the grills to be used as a single burner stove. Making them the only boat grill that is truly a grill, stove, or oven. A swiveling control valve/regulator, designed to use standard, 1-lb. disposable propane fuel canisters, allows for quick, safe fuel canister exchanges or easily adapt to an existing onboard LPG (propane) or CNG (natural gas) system.

The Magma Advantage

MARINE KETTLE® 2 CHARCOAL GRILL

Mounts sold separately

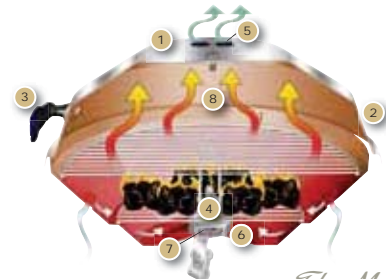

Instantly disassembles without tools for easy cleaning.

A10-104 Original Size
Diameter 15 in. (38 cm)

A10-114 Party Size (shown)
Diameter 17 in. (43 cm)

- 1 100% 18-9 mirror polished stainless steel construction. For long lasting beauty and superior corrosion resistance.
- 2 Hinged Lid. Convenient balanced hinged lid will not slam shut.
- 3 "Stay Cool" handle with air cooled supports.
- 4 Attached, rotating adjustable cooking grill.
- 5 Complete temperature control.
- 6 Lower charcoal grate and sealed ash compartment.
- 7 Before lighting, the indexed bowl and lid may be rotated to act as a windshield in gusty wind conditions.
- 8 Magma's patented design fully utilizes both radiant and convection cooking. Quickly comes to temperature then heats the entire grill surface evenly while using the least amount of fuel.

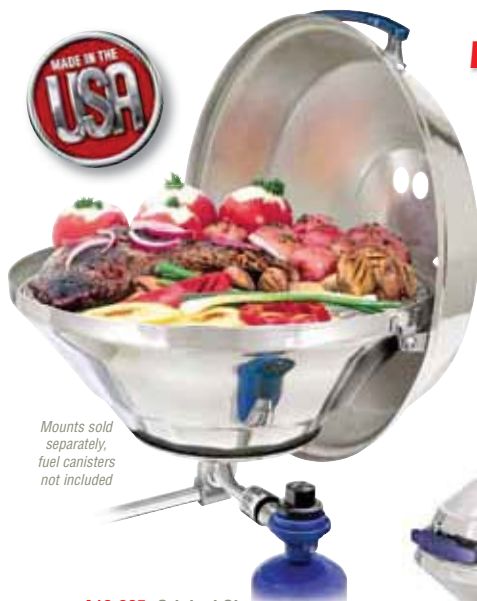

The Magma Advantage

It is meticulously crafted of 100% 18-9 mirror polished stainless steel for maximum corrosion resistance. Starts easily in windy conditions by using the lid as a windshield. You obtain perfect results through use of the rotating, adjustable height cooking grill and the variable temperature draft control door. Our "Marine Kettle" design allows oven type baking to enhance the grill flavor while retaining the natural juices in the food. It will cook more food faster on less grill area than any other charcoal grill. Safety and efficiency are obtained by closing the temperature draft control door and extinguishing the coals for future use.

Magma offers the largest selection of mounting options & accessories, to customize your grill to your boat (See page 7)

MARINE KETTLE® GAS GRILL

Mounts sold separately, fuel canisters not included

- CE Approved for use in Europe
- AGA Approved for use in Australia
- NZ Approved for use in New Zealand
- CSA Approved for use in North America

Instantly disassembles without tools for easy cleaning.

A10-205 Original Size
Diameter 15 in. (38 cm)

A10-215 Party Size (shown)
Diameter 17 in. (43 cm)

- 100% 18-9 mirror polished stainless steel. For long lasting beauty and superior corrosion resistance.
- Hinged Lid. Convenient balanced hinged lid will not slam shut.
- "Stay Cool" handle with air cooled supports.
- Newly designed, swiveling, windproof turbo venturi & control valve design. Virtually eliminates blow-outs. Places the fuel & valve where it is convenient to you. Allows safe & easy fuel changes.
- Burner & hi tech radiant plate heat distribution design. Less flare up, even heat distribution and longer grill life.
- Combination "easy-to-clean" grease catch pan/wind baffle. Keeps the wind gusts out while keeping the flames and grease in.
- Magma's patented design fully utilizes both radiant and convection cooking. Quickly comes to temperature then heats the entire grill surface evenly while using the least amount of fuel.
- Uses standard, disposable 1-lb. propane canisters or adapts to on-board LPG (propane) or CNG (natural gas) systems..

Designed for economy without sacrificing functionality. 100% 18-9 mirror polished marine grade stainless steel construction, provides superior corrosion resistance. Using Magma's time tested, high efficient radiant plate heat distribution system in conjunction with convection heating technology to achieve hot, even temperatures very quickly while using a minimum of fuel for searing steaks and fish or just grilling up some burgers or dogs.

Includes a perfectly balanced hinged lid that won't slam shut, with a sturdy heat-resistant cast plastic "Stay Cool" handle. An indexed bowl assembly which enables grill to be rotated allowing lid to be used as a wind shield. The redesigned turbo venturi tube makes it dependable in even a stiff breeze, virtually blow-out proof and a swiveling control valve/regulator, designed to use standard, 1-lb. disposable propane fuel canisters, allows for quick, safe fuel canister exchanges or easily adapt to an existing onboard LPG (propane) or CNG (natural gas) system. These grills quickly disassemble without tools for easy clean up.

ROCK 'N ROLL BOAT STABILIZER & OUTRIGGER

Made in the U.S.A.

The “Rock’n’Roll”™ Outrigger System
R10-707 97” (246.5 cm)

The “Rock’n’Roll”™ Boat Stabilizer
R10-702 36” (91.5 cm)

The Quietest, Most Effective Anti-Roll Device - Guaranteed
This mirror polished marine grade stainless steel hinged-wing hydrodynamic stabilizer relies on shape rather than weight, making it more efficient and easier to handle. Attaches to any sailboat boom or spinnaker pole. For other boats our 3-piece telescoping outrigger is recommended..
