

ES Series Yacht Cranes

Our Most Efficient Yacht Cranes

Steelhead Marine raised the bar on yacht crane performance two years ago when we introduced our **ES Series Yacht Cranes**. The ES1000 and ES1500 offered ground-breaking design, superior quality, exceptional performance and trouble-free reliability, all at competitive pricing. They soon became our most popular cranes. So, we are proud to now introduce the **ES2200** model to provide the same high-performance benefits for owners of larger yachts.

Features & Benefits

4-function capable

All three ES models provide 4 hydraulic functions: power luffing, rotation, winch and extension, making them easy to operate.

Lightweight

Made from lightweight aluminum with a fiberglass cover, greatly reducing the crane's deadweight on-board.

Strong and high-performance

Precise engineering, innovative design and the latest hi-tech materials create the strongest, quietest crane in its class.

Outstanding design

Clean lines and superior engineering result in cranes that are attractive, compact to store yet versatile when extended.

Trouble-free reliability

Painstakingly made, quality-tested, easy to install, simple to operate, and a **2-Year Platinum Warranty** spell reliability.

Outstanding Customer Service

Competitive pricing, quick delivery, great service and follow-up, plus a global service network ensure your satisfaction.

ES Series Models

Model	Maximum Lift	Extended Reach	Hoist Height	Weight	Retracted Length	Ideal for Vessels
ES1000	1000 lbs 454 kg	10' 3.0 m	16' 4.88 m	384 lbs 174 kg	6' 1.83 m	< 55' <16.8 m
ES1500	1500 lbs 680 kg	12' 3.7	20' 6.0 m	602 lbs 273 kg	7' 2.13 m	55' – 70' 16.8 – 21.3 m
ES2200 NEW	2200 lbs 998 kg	15' 4.6 m	21' 6.4 m	831 lbs 377 kg	9' 2.74 m	> 70' >21.3 m

Call an AMT sales representative to discuss the possibilities

Compact design uses less deck space

4 hydraulic functions – so simple to use

Clean design and superior finish

An ES Series crane blends in beautifully
