Our High Performance Yacht Cranes

Steelhead Marine has been offering specialized yacht cranes based on technological advancements in materials and construction practices inspired by the aerospace industry since 1997. As part of the Advanced Marine Technologies Group, Steelhead is powering forward with a new facility and new product launches in several categories.

Our yacht cranes, davits and passerelles are recognized by many of the world's leading yacht builders because Steelhead raises the bar on yacht crane performance and reliability.

Many of the world's top yacht builders trust and install Steelhead cranes.

Features and Benefits

- High strength, lightweight materials
- Whisper quiet operation
- Easy to operate
- Elegant design features
- Exceptional value
- Reliable
- Industry leading 2 Year Platinum Warranty
- Unparalleled customer service
- Custom engineered solutions

Compact design uses less deck space.

Whisper quiet linear winches use composite rope (quieter and stronger than steel cable)

Cranes are proof tested to 110% of capacity

Easy to use proportional controls on all cranes above 1500 lbs (680 kg)

Passerelles

We also custom build deluxe hydraulic telescoping gangways, in single, double or triple stage configurations

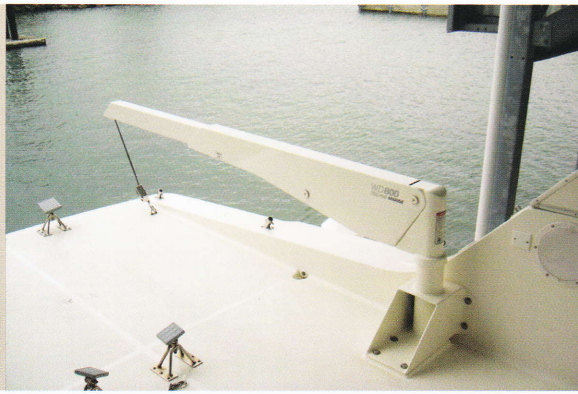

Stainless Hardware

We carry a complete line of hardware, made from 316 Stainless Steel, polished to a mirror finish

Haben Sie Fragen zum Thema? Einfach ein Email an verkauf@sailtec.de, oder 040-8229940 anrufen !

Whisper Davits

Entry level, compact, whisper quiet single-function davits

SM Series

Midsized to heavy duty 2 or 3 function capable cranes with retracting booms that can be rotated – 355° manually or 360° hydraulically, depending on the model

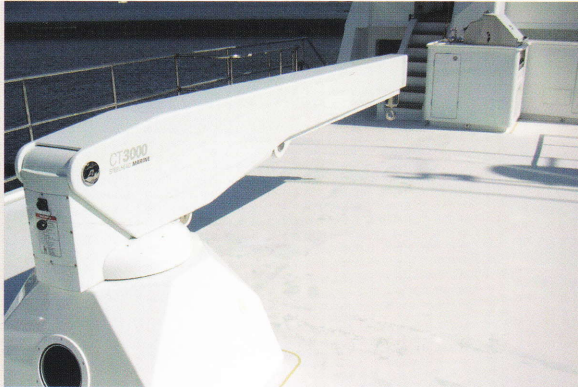

ES Series

Lightweight, super efficient, low profile European design with four-function hydraulics

CT Series

Heavy duty four function hydraulic cranes with live telescoping boom extension and proportional controls

LDC Series

Lay-down five function hydraulic cranes with live telescoping boom extension and second luffing function. This series is completely custom built to meet individual needs.

See table on next page for more details, dimensions and specs.
